3 PREMIUM PUZZLES.

CAN YOU FIND?

- In No. 1.—A Lady and her Companion.
No. 2.—Two or more Ladies at Home.
No. 3.—One or more of Our Boys and Girls.

The LADIES' COMPANION is a high-class Illustrated Magazine of 32 pages and is devoted to Literature, Art, Fashion and Home Life. Its matter will be of the best—elevating both in its literary style and purity of sentiment. In beauty of pictorial embellishment and excellence of letter press it will take front rank, and to this end it will be printed on a fine, heavy, calendered paper such as is used in no other Canadian Journal. A perfectly fair and legitimate premium system is adopted by its publishers, at great outlay, in order to quickly place it and its sister publications at the head of all Canadian periodicals in point of circulation. The most exact good faith will be kept with every subscriber.

LADIES AT HOME will be the Home Magazine of Canada, "par excellence." None such has heretofore been offered at the price—only 50 cents per annum.

OUR BOYS AND GIRLS is a marvel at the price—25 cents per year. Every boy and girl will want it and, happily, it is within the reach of all. Who will send in the first club and secure a boys or girls GOLD WATCH?

NO. 1.—LADIES' COMPANION PREMIUM LIST.

To the first person solving puzzle No. 1, we will award an elegant Rosewood Piano, valued at \$90; the next will receive a magnificent Sleigh Robe, valued at \$6; the third, a SILK DRESS PATTERN; the fourth, a SWISS MUSIC BOX; the fifth a SILVER WATCH; the sixth a GOLD BROOCH; the seventh a FANCIER LAMP; the eighth a SILVER FIVE O'CLOCK TEA SET; to the next ten will be given a CRAYON PORTRAIT of either the sender or any friend. Size 2½x3, and valued at \$10. To the middle sender and the ten following will be awarded an elegant CRAYON PORTRAIT of sender or any friend. The sender of letter bearing latest postmark, previous to March 1st, next, will receive a GOLD WATCH. The sender next to last will receive a SILVER WATCH; ten preceding, each a CRAYON PORTRAIT.

Conditions:—Each contestant must mark faces in puzzle in ink or pencil, cut advertisement out and forward to us with 30 cents for six months' subscription to the LADIES' COMPANION. Address: "A" LADIES' COMPANION, 166 King St. West, Toronto, Canada.

Club Rates:—To every Boy or Girl (excepting the first received) sending us 10 yearly subscribers at 25 cents each we will give a fine crayon portrait, valued at \$6. Each club subscriber also has an opportunity of obtaining one of the above mentioned valuable premiums.

ANOTHER LONDON MIRACLE

AN ODDFELLOWS LODGE PASSES A RESOLUTION OF THANKS.

The Extraordinary case of Mr. E. F. Carrothers—Utterly Helpless for Three Years—Pronounced Permanently Disabled by His Lodge Doctor—Restored to Health and Strength and Again Working at His Trade—A Story Fraught With Hope for Others.

London Advertiser.

Canadian Order of Oddfellows
Manchester Unity.
Loyal Perseverance Lodge, No. 118.
London, Nov. 22, 1892.

To the Dr. Williams' Medicine Company:

GENTLEMEN,—I have much pleasure in forwarding you a vote of thanks passed by a resolution of the above lodge, thanking you for the good your valuable medicine, Pink Pills, has done for my brother, E. F. Carrothers, who for three years and a half was almost helpless from locomotor ataxia and given up by our doctor as incurable, and who is now, we are happy to say by the use of your Pink Pills, able to follow his employment.

Trusting that your valuable medicine may be the means of curing many sufferers and be a blessing to them as it was to our brother, I am your truly, on behalf of the lodge,

ED. GILLET, Secretary.
521 Philip Street, London, Ont.

This is to certify that the above facts are a true statement.

E. F. CARROTHERS.

The above is self-explanatory, but in order to lay the facts of this extraordinary case more fully before the public an Advertiser reporter proceeded to investigate it. It was his pleasure and duty some time since to record the remarkable cure of Mr. E. J. Powell, of South London, wrought by the medicine known as Dr. Williams' Pink Pills for Pale People. It was a striking release from life-long affliction, but it was even surpassed by the miraculous experience of Mr. E. F. Carrothers, 103 William Street. Mr. Carrothers is an uncle of Alderman R. A. Carrothers, and by virtue of long residence and personal qualities is well and favorably known throughout the city. He is a carpenter and joiner by trade, and a good workman. His friends and acquaintances are aware that a healthier and more robust man never walked the streets of London until a few years ago, when he was suddenly stricken with what is generally supposed to be paralysis. They heard with regret that he had been pronounced incurable, and as he was unable to leave the house, only occasional callers saw him again during his long spell of total disability. Within the last few months they have been agreeably surprised to see him around again plying his vocation and apparently as vigorous as of yore. Inquiry and explanation naturally followed, and it is now widely known in the city to what agency Mr. Carrothers owes his magical restoration to health and strength.

A TALK WITH MR. CARROTHERS.

The other evening the reporter called upon Mr. Carrothers and found him seated by the fireside in the bosom of his family, looking hale, hearty and happy. Upon learning his visitor's errand he said he was only too happy out of the depths of his gratitude, to relate the circumstances of his affliction and his wonderful cure.

"I had always been a strong, healthy man," he said, "until this stroke laid me low. I hardly knew what sickness meant. It was three years ago last April when I was in my usual health one night and awoke about 5 o'clock in the morning as my watch at the head of the bed told me. I dozed off again, and on waking the second time attempted to rise. I could not move. Every nerve and muscle of my body seemed to be paralyzed. I lay like a log. At first I was speechless but managed after a time to articulate feebly, and not very audibly, my wish that a physician be sent for. Dr. Moorehouse came and placed a mustard plaster across my bowels, telling me to lie quiet for a few days. I did so because I could not do anything else.

"As I was entitled to the services of the lodge physician, Dr. Pingel, I sent for him. He gave me some medicine that relieved

\$1 per year in advance; \$1.50 if not so paid.

the excruciating pain in my head. He brought another doctor with him (I don't know his name) and they subjected me to a regular course of treatment, by which I was suspended from a support around my neck. I asked the doctor what the matter was, but as he evidently wished to spare my feelings he did not tell me directly, nor did Mr. Gillett, the secretary of the lodge, whom I also asked. I inferred that there was something they did not wish me to know.

"I had now been about a year in the same condition. Sometimes I was able to get out of bed, but never out of doors. At other times I was unable to feed myself. I had absolutely no control over my muscles. If I attempted to touch or pick up anything, my arm would usually stray, apparently of its own volition, in an entirely different direction. I was more helpless than an infant, and I suffered a great deal. The doctor commenced the injection of some compound into my arm and leg, but a kind of abscess gathered in each and it had to be bled. This was very painful. A quart of matter of a greenish color came out. I seemed to get stronger in general health, but my paralysis remained the same. In December, 1891, after two years and eight months of this helplessness, I was given up by the doctors as hopeless. The grand master of the order, who had come to London to look into my case, and the secretary of Perseverance Lodge, called to see me and informed me of this. I had given up all hope myself, so the blow fell lighter. The lodge had all this time been paying my weekly sick dues, and I understood that after the doctor's certificate of my helplessness had been handed in they made arrangements to continue giving me permanent aid.

"And now as to the remedy which proved my earthly salvation: A next door neighbor one day sent me in a label off a Dr. Williams' Pink Pills box. I read it, and acting on a whim, and not with any real expectation of benefit, gave my little girl 50 cents to buy a box. The very first box made me more cheerful; it seemed to brace me up and I began to feel a glimmer of hope. With the second and third box the improvement continued, and I felt more than delighted to find that I was commencing to recover the use of my limbs. Through a friend I got a dozen boxes and the lodge added half a dozen more. I kept on taking the Pink Pills, and I gained steadily; so that I am now what you see me to-day. Yes, I am capable of earning my living as before. I am working at my trade in London West at present and walk over there (a distance of nearly two miles from the house) and return every day."

"You are naturally thankful for Dr. Williams' Pink Pills then?" interpolated the reporter.

"Thankful!" echoed Mr. Carrothers. "I can't find words to express my gratitude. You can imagine a man in my position, always strong and healthy before stricken down that way, with a family dependant upon him; and after giving up all hope of being anything but a useless burden, to be restored this way to strength and happiness—haven't I reason to be thankful, and my family too?" And there was no mistaking the sincerity of the utterance. "I believe Dr. Williams' Pink Pills can cure anything that any medicine on earth can," he continued. "I know of other cases in this city where they have succeeded when doctors have failed. Well, good night." And the reporter left to call on Mr. Ed. Gillett, the secretary of Perseverance Lodge, who lives a couple of blocks further south at 521 Phillip street.

MR. GILLETT'S STATEMENT.

"There is nothing that can give me greater pleasure," said Bro. Gillett, "than to say a good word for Dr. Williams' Pink Pills. I tell you they saved the lodge a good deal of money in Bro. Carrothers' case, and there is not a member of Perseverance who won't say the same thing. We had paid out over \$400 to our sick brother, and of course it was a big drain on our finances. We asked the lodge physician, Dr. Pingel, to examine him so that we would know whether he was going to get better or not. The doctor informed us

NEWS FROM THE COUNTRY

REIDSVILLE.

Miss Jeanie Patterson, of Centreville who went to New York a few months ago to act as secretary to the Rev. A. B. Simpson, will return to her home this week, Dr. Simpson having been appointed by the Board of the international Missionary Alliance to visit their foreign mission fields, which will take from six to eight months. Miss Patterson will remain at her home until his return in August or September.

SPENCER HILL.

Since your worthy correspondent has left the place to reside in town I thought I would take his place and give the readers of your valuable paper the news from Spencer Hill.

Mr. Thos. Vandewater and wife, of Sidney, spent a few days last week visiting his sister Mrs. Morley H. Shibley, also Mrs. W. F. Eddy, of Regina, and Miss Kathleen Vandewater of Sidney are visiting at Morley H. Shibley's.

Mr. David A. Martin lost one of his valuable sheep last week.

Mrs. Dewitt and Miss Alice English spent Sunday visiting their parents.

Miss Blanche Dewitt is visiting her aunt, Mrs. James Martin, in Deseronto. Mr. Edgerton Russell is busy drawing feed to his farm in Hamburg.

Our school is progressing finely under the able management of Miss Effie Hudgins.

Mr. Alfred Sexsmith is busy getting out timber for his new drive house.

We understand Mr. Irvine Ross is about to attend Albert College to study for the ministry. We all wish you success, Irvine.

RICHMOND.

The rain on Sunday was welcomed as water in wells was getting low.

The patrons of Forest Mills cheese factory have held several meetings in regard to starting a stock factory. The committee offers Miss Brennan \$900 for the present factory, but she declined to accept and it has been learned that Mr. Ogden Hinch, Napanee, has since purchased it for \$1000. The patrons will commence at once and erect a factory of their own.

Mr. B. Shea will remove shortly to Violet where he will open up a general insurance office and feed store.

D. W. Shea has sold his farm of 75 acres to David Winters, jr. for \$2,200 and will remove to Ernestown on the 1st of March.

Miss Mary Brennan is quite ill at James Killorin's.

John Marshall is home from the back woods and reports lumbering booming.

Our school opens on Wednesday, Feb. 1st under the management of Miss Hudgins of Selby.

Henry Grames is hauling brick and stone preparatory to erecting a new house in the spring. John Conger, Napanee, has the contract.

Robert McFarlane is very sick at present.

Foxes are plentiful out this way. Send out some of your Napanee sports and capture them.

ENTERPRISE.

The Sabbath School Convention held here on Friday last was the most successful of its kind ever held by that body. The church was well filled at the afternoon session, and every seat

The Misses Davy and Kaylor spent a few days this week in Napanee the guest of Miss Daisy Jewell.

The remains of Miss A. Anderson, daughter of Mr. Luman Anderson was placed in the vault here on Tuesday.

We have quite a number on our sick list: Messrs. F. Kaylor, F. C. McGurn, S. W. Perry and G. Clapper. We hope to see them all around again soon.

CENTREVILLE.

A grand reception awaited Mr. Chas. Lockhead on Tuesday night upon his arrival with his bride.

The next Sunday School Convention will be held here in October next. The Rev. Mr. Allen will preach here next Sabbath evening at 7 p.m.

Quarterly meeting will be held at Enterprise in the morning at 10.30.

Official board will meet here on Monday, 6th inst at 2 p.m.

DESERONTO.

Mr. John W. Hayes was called away early last Sunday morning to see his mother, who was very low in Napanee, but has since been improving.

Mr. Jack Watson has been on the sick list this week.

One day last week while Mr. Bailey was on a scaffold whitewashing, a hardwood plank fell and caught one of his fingers jamming it pretty badly. He is at work again.

An old fashioned war dance was held by the Indians up the track on Tuesday night.

On Jan. 31st Robert Naylor passed peacefully away at his home.

Revival services are being held in the Methodist church every night except Saturday.

TAMWORTH.

Mr. F. Wakeford, W. D. Mace's head miller, is running the roller mill full blast. The are now working night and day.

Mr. G. P. York has been running his boot and shoe shop on half time lately owing to the cold weather.

C. R. Jones is off on a pleasure trip to Cincinnati.

Rev. Wm. Jolliffe has been assisting Rev. Mr. Clare in holding revival meetings here. They have been a big success.

Fred Vandewater has returned from his two week's holiday trip.

Mr. W. Way is on a trip to the back country in the interests of the Rathbun Company.

C. A. Jones is fitting up his woollen mill for the season.

Mrs. John Stuart and children, of Harrowsmith, are visiting Mr. James Herchner.

George C. Hinch has been appointed a member of the board of audit for the county.

John Fennell has moved into part of John Floyd's shop.

YARKER.

A tip over occurred near the R. R. bridge here. Two ladies out for a spin with horse and rig, one lady being thrown right in front of a load of wood and had a narrow escape from being run over.

Miss T. Phillips is confined to the house by an injured foot.

Yarker's first carnival came off Thursday night, 26th inst. The night was fine and brought out a goodly number from Murvale, Svidenham and

WILTON.

At the last official meeting of the Wilton circuit it was moved by James Lewis, seconded by Robert Miller and resolved, that we, the members of Wilton Quarterly Meeting Board, now in session, cannot allow the opportunity to pass without expressing our very high appreciation of the services rendered to this board and to this circuit by our dear brother, John Johnson, now about to sever his connection with us as a member of this board and especially as R.S., which office he has so long filled with so much credit to himself and pleasure to us. Bro. Johnson's kind and brotherly spirit as manifested to all on all occasions, his constancy at the post of duty and his anxiety for the success of the Word and the happiness of those engaged in it, have so endeared him to us that we feel deep regret that force of circumstances has induced him to sever from our midst at this time and we wish him to carry with him our most sincere prayer for his future happiness in life, success in business and a grand and glorious triumph hereafter, and an assurance that if in the future at any time he should see proper to return to our neighborhood he will find a hearty welcome to his place in the Master's work.

ODESSA.

The Workmen concert was a most

successful one. The programme was excellent and kept the crowd in good humor for over two hours. The local hits were immense and as the characters were portrayed, they came in for a thorough "roasting" from the "gods of the gallery." Mr. Bengough was in fine trim and acquitted himself in a manner worthy of Canada's foremost entertainer. The Workmen are to be congratulated on the success of the affair.

The following officers have been elected for the current half year in connection with the Y.P.S.C.E. Pres., Miss Lizzie Watts; Vice-Pres., Mr. Sidney Clark; Secretary, Miss Hattie Derbyshire; Cor. Mrs. Hartman, relict of the late Shon Hartman, died last week after a lingering illness. She leaves a large family who will greatly miss a kind mother's care. The funeral services were conducted by Rev. F. Dibb in St. Alban's church.

Albert Smith, aged 15, a lad living with Thos. Prest in the 3d concession, died last week of typhoid fever. A strange thing was the fact that he expired on the anniversary of his birth to the very hour.

ate to that effect."

Mr. Gillett opened his secretaire and extracted the document referred to from the lodge records. It read as follows:

Dr. Pingel, Office, 354 Dundas street,
London, Dec. 2, 1891.

Bro. Gillett:

DEAR SIR,—At your request I carefully examined Bro. Carrothers, of Perseverance C.O.O.F., M.U., who has been unable to perform any labor for several years, and find him suffering from the results of cerebral hemorrhage (extravasation of blood into brain). As no improvement has taken place for some eighteen months, I have no hesitation in pronouncing him permanently disabled.

Yours fraternally,

A. R. PINGEL.

"After that," said Mr. Gillett, "we sent for Grand Master Collins, to consider what we should do. We then learned that Bro. Carrothers had commenced taking Dr. Williams' Pink Pills and they were doing him good. So we decided to furnish him with a supply and await developments. You know the result. He's better now and at work again. The lodge unanimously moved a vote of thanks to the proprietors of Pink Pills, and it was forwarded to them.

"I have known Bro. Carrothers for years. He was always until his last illness a strong, healthy man, and it seemed strange that he should be stricken down so. He had a terrible siege of it. You see the knife (pointing to one on the table); well, if he tried to pick it up he couldn't do it to save his life. He was completely paralyzed.

Turning to the lodge records again, Mr. Gillett produced a book and showed the reporter the entries made week after week for three years and over of the payments made to Bro. Carrothers as sick benefits. The worthy secretary intimated that any other information desired he would cheerfully furnish, but the reporter had had enough to convince him and left.

DR. PINGEL.

Dr. Pingel was next visited at his office. He remembered the case of Mr. Carrothers well, and had heard that he was better.

"You considered him beyond help, Dr.?"
"Yes; any physician, under the circumstances, would have pronounced the same opinion. His recovery is certainly remarkable."

"Do you attribute it to the Pink Pills?"
"I do not doubt that they were the means of his cure, since Mr. Carrothers says it was by using them he became well again. Yes; there seems to be virtue in the medicine, judging by this case."

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, influenza and severe colds, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, over-work or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brookville, Ont., and Schenectady, N.Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cts. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what may be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Endorsed by the Leaders.

When a remedy is endorsed by ministers, editors, merchants, farmers and leading men of all classes, it is strong evidence that that medicine has great merit and does what is claimed for it. Such a remedy is Burdock Blood Bitters, its wonderful success as a cure for Dyspepsia, bad blood, etc., is well known to young and old.

able seat was taken in the evening. As predicted in my last the Enterprise people have shown, as they have often done before, that energy and push is a great part of their make up. Visiting delegates and friends at this convention will no doubt carry away with them many pleasant and valuable reminiscences. Excellent music was rendered by the choir at both sessions, which was well commended by the managing committee.

Miss Ella Mellow, of Greta, is spending a few days visiting with her brother, W. J. Mellow, Esq., and other young friends in town.

Miss Ida Nugent, Newburgh, was the guest of Miss Celia Clancy on Sunday last.

A number of our rising youths are attending Business College, Kingston. Quarterly meeting services will be held at the Methodist church next Sabbath at 10.30 a.m. Also the usual services in the evening at 7 p.m., an efficient pastor in charge. Sunday School in the afternoon at 1.30 p.m.

The grim destroyer death has again been in our midst and claimed for its victim Mr. Alfred Raymond, who died on Sunday evening last. Deceased was suddenly stricken down with every symptom of brain fever. At times he was quite conscious, but most of the time was delirious. He leaves a widow and one child, who have the sympathy of the entire community. He had always been a quiet, sober, and industrious neighbor. The funeral on Tuesday was largely attended, Rev. Allen delivering a very effective sermon.

MORVEN.

The tea meeting, under the auspices of the Ladies Aid Society, last Wednesday evening was very successful. The society desires to express its thanks to those from a distance who contributed towards the success of the entertainment. The proceeds amounted to \$43.25.

A social was held on Thursday evening which netted \$4.40. Proceeds to be applied towards repairs on the Brick Church.

Parties were all the go last week. Last Friday evening quite a number from here attended Napanee and surprised Mr. and Mrs. W. R. Gordanier by spending the evening with them. The same evening a number of invited guests spent an enjoyable evening at Mr. Charles Kaylor's.

On Saturday evening a house full of the friends of Mr. Jno. M. Davy met at his residence and presented him with an address and an elegant chair as a slight token of their high appreciation of his services as superintendent of the Morven Sabbath School. Mr. Davy, in a few choice words, feelingly thanked the friends for the manner in which they showed their appreciation of his efforts on behalf of the school.

Miss E. Vailleau, who has been spending a week with her sister, Mrs. Geo. Robinson, returned home last Saturday.

Our school is progressing very favorably under the able management of Miss Ida Brethen.

The re-organization of the Sunday School will be complete next Sunday. Our pastor preached anniversary sermons at Hawley Church last Sunday.

The Rev. J. C. Seymour preached missionary sermons at the Brick and Lutheran Churches last Sunday.

Quite a number from here attended the tea meetings at Switzerville and Hawley last Monday evening. Hawley seemed to have the preference. Our pastor and Mrs. McMullen took part in the programme.

The funeral of Mr. Peter Perry, of Napanee, a brother of S. W. Perry, of this place, took place in the White church last Sunday afternoon.

LOOK AT THE BEAUTIFUL WOMEN

Around you that are using **PEACH-BLOOM SKIN FOOD**. Their complexion is brighter, smoother, and more beautiful than the Women who use cheap preparations.

PEACH-BLOOM is not a whitewash to close up the pores of the skin, and cover up its imperfections, but is a **SKIN FOOD**, it clears the skin leaving it soft, smooth, and beautifully transparent.

PEACH-BLOOM is absolutely harmless, but it brings about the required results quickly, and retains them, permanently removing roughness, pimples, black heads, freckles and tan.

PEACH-BLOOM having a tendency to feed the inner as well as the outer cuticle, it induces a flitting out and firmness of the skin thereby preventing and removing wrinkles. It is invaluable for chapped hands. Sold by druggists, and sent on receipt of price, \$1, by addressing WESTON CHEMICAL CO., 186 Adelaide Street West, Toronto. For sale in Napanee by Dettlor & Fullerton, Druggists.

A petition is in circulation praying that the council do not submit a by-law for local option, until such time that the co-operation of the adjacent municipalities can be secured. It is argued that if one township with 15 licensed hotels within a mile of its borders, was to adopt local option, it would only serve to make temperance legislation a farce and prove quite ineffective. A meeting of representative temperance men from each municipality will be called to discuss the advisability of simultaneous action.

Reduced to a Science.

The treatment of disease is now almost reduced to a science. A scientific product of medical skill for the cure of all blood disease, from a common pimple to the worst scrofulous sore, which has held popular esteem for years, and increases steadily in favor is Burdock Blood Bitters.

Not a Particle.

A feature worth noticing in regard to Burdock Blood Bitters is that it does not contain one particle of poisonous matter. It cures and cures quickly without the use of any injurious ingredients.

NAPANEE, FRIDAY, FEB. 3, 1893

Those men who are walking the streets looking for a job will be glad to hear that the Dominion Government proposes to spend \$200,000 this year bringing immigrants to Canada—an increase of \$19,000 over the sum spent last year.

CANADIAN farmers who were induced by the Minister of Agriculture to devote their time, labor and capital to raise two-rowed barley for the British market now find themselves considerably out of pocket. Two-rowed barley is not so productive as the six-rowed variety, and the British millers do not like it. There is no market for Canadian barley in Great Britain, and farmers who have stocks of the cereal on hand are at a loss to know what to do with it.

POLITICS MUST GO IF THE FARMER EXPECTS A CHANGE.

The address of Jas. Elder, of Virden, Manitoba, before the Farmer's Institute at Brandon, will furnish an opportunity for those papers who are continually harping about the happy state of the Manitoba farmers, to criticise. Mr. Elder does not attempt to deceive his hearers with a volume of statistics but gives them plain, simple facts that any man knows to be true from his own practical experience. The experience of Manitoba farmers agree with those of Ontario on the tariff question. There is no class of people under the sun that have a better claim to have their rights protected and looked after than the farmer, and there is not another class that could get those rights any quicker than the farmers if they would simply unite, as other professions do. They have the controlling voice of this country, and if they do not get what they want they have no one to blame for it but themselves. When farmers take the course advised by Mr. Elder, stand up for their rights, advocate their rights—go before the government and demand their rights, in a body, then and not until then will they ever be able to lift the present burden under which they labor. They may depend upon it the political leaders will never advise them to do anything else than just what they are doing now.

THE LAWYER'S TIDBITS.

The legal expenses for the year amounted to \$103,956, distributed, of course, among Tory lawyers. Of course Mr. D. O'Connor, of Ottawa, heads the list; his share was \$14,919. He was closely followed by Mr. B. B. Osler, of Toronto, who got \$11,350. Next came Mr. H. McD. Henry, of Halifax, who was paid \$6,700.

THE JOURNALISTIC PAP.

The government continues its "old policy" of providing its journalistic supporters with provender. The amount paid for advertising last year was \$46,220, while the outlay for printing and lithographing amounted to \$190,755, and this despite the existence of a government printing bureau. Chief among the recipients of this paper were: The Charlottetown Examiner, \$1,331; Halifax Herald, \$505; London Printing company, affiliated to the Free Press, \$5,994; Moncton Times, \$13,256; Burland Lithograph company, \$4,119; Montreal Gazette, \$5,130; Sabiston

assist their brother farmer in his misfortune, had not been for naught, as they are endeavoring to effect insurance cheaply by insuring only isolated non hazardous farm risks; the losses were settled most satisfactorily and promptly. The amount of business for the year was most satisfactory, 304 policies issued and \$374,415 of property insured, covering some of the best residences, and out buildings in the counties. The Directors were obliged to borrow at the close of the year \$1000, thus only reducing their note liability by \$200, but are hopeful that the next year or two the Co'y may be more fortunate as to losses and be able to pay off all their liabilities, as they are endeavoring to make this company popular by its cheap insurance and worthy the confidence of every farmer in the surrounding counties. Therefore they respectfully urge their agents, Messrs. J. N. McKim and J. W. Metzler to greater effort to secure new insurance, and every policyholder to recommend his neighbor to insure in the Lennox and Addington Fire Insurance Company. Messrs. Lloyd and Gurdanier, whose term of office had expired, were re-elected for another term, and subsequently Mr. J. B. Avisworth was re-elected President, and B. B. Lloyd was re-elected Vice President.

WAR IN HAYTI.

Because the Voters Were Threatened With Hippolyte's Bayonets.

NEW YORK, Jan. 18.—A despatch to The Herald from Kingston, Jamaica, says: News was received yesterday which indicates that the long-threatened revolution against the government of President Hippolyte of Hayti has broken out.

A battle was fought yesterday morning in the streets of the village of Laus de Neu, a settlement back of Port au Prince. As soon as word of the uprising was received at the Government House President Hippolyte issued orders for troops to be despatched to the place. In a short time a little army of 300 soldiers and 20 commanding officers were on the way.

The reports declared that the streets were filled with armed men. While fighting was in progress at this point news was received at Port au Prince of another uprising near St. Michael's. The residents were in terror as a result of this uprising.

All places of business were closed. Even the private residences were barricaded and the occupants sought shelter. Troops are under orders to leave to suppress this rebellion, and they will be hastened with all the speed the limited facilities of the republic afford.

President Hippolyte at once issued a manifesto announcing that these uprisings are not serious and that there is no organized rebellion or armed opposition to the government. In the elections which were held Saturday Hippolyte's friends and relatives were chosen deputies, but their success is due to a display of force at the polls which terrorized the voters. Armed troops were stationed at the polling places, and at the point of the bayonet ballots were ordered to be cast for friends of the President.

Notwithstanding the encouraging terms used in the manifesto of the President, he is undoubtedly fearful of a general uprising and is in terror of his life. The guards about his house have been doubled and other precautions taken to ensure his personal safety. The discontent against the President is spreading all through the re-

It is quite strange how the cab bills of the ministers vary while they are in Ottawa. Mr. Costigan heads the list with \$190, but Sir Adolphe is a close second with \$193; Mr. Foster only paid \$16 for cabs, while his deputy went him one dollar better, and such is the case with Mr. Ouimet, whose cab bill was \$40, while that of Mr. Gobeil, his deputy, was \$50. The other bills for free rides at the taxpayers expense were; Mr. Dewdney, \$97; Mr. Chapleau \$29; Mr. Haggart, \$30; Mr. Carling \$44 and Mr. Tupper \$68. Sir John Abbott, Sir John Thompson and Mr. Bowell apparently went to their homes on foot, or paid their own expenses. Speaker White's rides cost the country \$924.

Sir Charles Tupper's expense is as usual inordinately large. It amounted to \$15,536, in addition to his expense allowance of \$2,000.

The Tarte-McGreavy investigation cost the country a good deal of money. In addition to the heavy expenses charged in the year ending June, 1891, no less than \$15,260 was paid out last year, \$6,700 to Mr. H. McD. Henry, Q.C., \$4,900 to Mr. B. B. Osler, Q.C., \$3,000 to Mr. C. A. Geoffrion, Q.C., and \$574 to Mr. John Hyde, accountant of Montreal.

The \$1,500 paid to Messrs. Blake, Lash and Cassels was an advance in respect of the case of Barrett vs Winnipeg (the Maitoba school case).

The revision of the franchise list in 1891 cost no less than \$156,545, while the printing of the lists, distributed to favored newspaper offices, cost \$50,773 additional.

The cost to the country of the by-elections last year was \$26,116. Most people will say that the new members are dear at the price.

The census enumeration of 1891 cost \$269,939, of which \$87,879 was for departmental work.

The pension list amounts to \$312,309, the greater part of which, \$263,679, goes for superannuation, against which the Liberals protest so strongly.

ANNUAL MEETING.
The annual meeting of the Lennox and Addington Mutual Fire Insurance Company was held in the Council Chamber on Saturday, Jan. 24th at 1 o'clock. There was a large attendance of interested policy holders, who listened with interest to the Director's report for the year 1892, of which we give a brief summary. At the beginning of the year the late Secretary, N. A. Caton resigned and M. C. Bogart was requested to accept the position of Secretary and Treasurer. For the first half of the year the Co's was very fortunate in regard to losses, and paid off \$1500 of their liabilities. Later on the losses by fire and lightning from the severe electric storms, totalling up the losses, 16 in number, for the year to \$2695. Revising the losses for the past three years—1890 the Co's paid \$3240, in 1891 \$1719.50, total for the three years \$8945.50. The Directors feel that the mission of the Co's "to aid" and

The peculiar combination of stomach tonics and alterative remedies in Hood's Sarsaparilla cannot be equalled, and this superiority explains the wonderful success of

This Great Medicine
in cases of Dyspepsia, Indigestion and similar troubles. Mr. T. A. Wheelock, a well known citizen of Burlington, Vt., writes:

"Six months ago I was badly run down and unable to attend to business. The principal trouble seemed to be due to indigestion and aggravated dyspepsia. I had no appetite,

Nothing Tasted Good
and what I did eat distressed me. Added to this was a nervous disturbance. Physicians that I employed failed to reach my case. I grew worse, lost flesh and almost hope. One day I ran across a testimonial for Hood's Sarsaparilla stating what it had done in what seemed to be a case similar to mine. I got a bottle and in three or four days saw that I felt better. Before I had finished the first bottle, was greatly improved. Rested better, felt better, and knew I was

Better All Over
I continued with the medicine, and have taken two bottles and now feel better than at any time for the past five years. Feel as hearty as when a boy. Have regained my flesh, have good appetite, can sleep well, and my nerves are in excellent condition. I would not value a thousand dollars for what it did for me."

THE BRITISH LION GROWLS.
And the Khedive Must Again Reconstruct
His Cabinet.

LONDON, Jan. 18.—At a Cabinet council
yesterday afternoon it was decided that the
Khedive of Egypt must be firmly dealt
with.

This is taken to mean that the new
Egyptian Cabinet must be dismissed and
replaced by men who are favorable to Great
Britain.

Mr. Cromer, the British representative
in Egypt, has informed the Khedive that
Great Britain would not sanction the ap-
pointment of Fakhri Pasha as President of
the Council.

Russian, French and Turkish intrigues
are suspected.

Mr. Comber gave the Khedive 24 hours
to change his ministry, and then Fakhri
Pasha resigned.

Undermine British Influence.
LONDON, Jan. 18.—The Times correspon-
dent in Cairo says: Fakhri Pasha, the new
President of the Council, is an opponent of
English reforms. His suppression of Eng-
lish advising authority, if successful, will
undermine all British influence.

C. C. RICHARDS & CO.
My son George has suffered with neural-
gia round the heart since 1882, but by the
application of MINARD'S LINIMENT in
1889 it completely disappeared and has not

called into existence was "in order to
balance colors and shades and to enable the
orange and green to mingle harmoniously
together."
Of course he denied that the coun-
try was prosperous, referred to the
lower rate of increase in population
shown by the census of 1891 as
compared with that of 1831, and read an
extract from Sir John Macdonald's famous
resolution of 1878, in which it was stated,
amongst other things, that the National
Policy would provide work for the unem-
ployed and stop the exodus, claiming that
it had manifestly failed in this respect, as
the exodus was greater than ever.

He rather sneered at the development of
manufacture shown by the census, and
humorously alluded to the increase of
manufacturing establishments in the Indian
village of Caughnawaga from 8 in 1881 to
42 in 1891, which he said probably
meant that so many more bead baskets and
other Indian curios were now made there,
which was probably caused by the fact that
these articles were not protected and there
was free trade in them.

With regard to reciprocity in wrecking
he thought that the Americans ought to be
allowed to do wrecking in Canadian canals,
as the intention of Parliament was to give
the freest possible use of our waters. He
blamed the Government for its course with
respect to canal tolls, and thought the
present difficulty might have been avoided
if a more generous policy had been
pursued. He claimed that the Canadian
Government had never been generous in its
treatment of the American Government, and
thought that a broad and generous course
should be taken, and whenever there was
a favor to be done it should be done with a
good grace.

As to the legislative forecast of the
speech, he was pleased to see that the Franch-
ise Act was to be amended and thought
that the best thing that could be done with
it would be to amend it off the statute book
altogether. For 21 years the provincial
lists had been used and had been found to
work well, but since 1887 there had
been great complaints as to the unjust
working of the act, and as an instance he
referred to the case of Mr. Tarte, who had
been elected for L'Islet, but was prevented
from taking his seat by the working of the
act.

The speech was more remarkable for
what was not in it than for what was.
There was no allusion to the prohibition
commission, there was no allusion to the
Caron commission, and there was no re-
ference to the Manitoba School question.
As to the latter question he held that
the report of the sub-committee of
council should have been presented
to the House before it was published, and
ridiculed the idea that council could turn
itself into a court of justice and hear the
case in any other than a political capacity.

The greatest omission from the speech,
however, he claimed, was the absence of
any reference to tariff changes. Sadness, he
said, was over the land, and the Minister
had been running about from place to place
holding out hopes that some of the "moul-
dering branches" of the National Policy
would be lopped off, but there
was no reference in the speech to any
proposed change. The country
expected legislation on this subject and he
would, therefore, conclude by moving the
following amendment to the motion for the
adoption of the address:

That the following words be added to the
address: "We feel bound to represent to
Your Excellency that in the present con-
dition of the people of Canada, substantial
reductions should be made in the taxation
which presses so heavily upon the great
bulk of the community, and we regret that
in the speech, graciously delivered from the
Throne, Your Excellency was not advised
to hold out promises of reductions to the
oppressive duties now imposed."

Sir John Thompson answered, one by
one, the objections raised by Mr. Laurier.

He commenced by complimenting the
mover and seconder of the address, whom,
he said, had not only done credit to them-
selves, but had added to the dignity of the
House. He returned thanks to Mr. Laurier
for his kindly remarks about Sir John
Abbott, who had the most profound re-
spect of the whole party, and whose loss
would be deeply felt. [Applause.]

He was also grateful to the leader of the
Opposition for his graceful but somewhat
sarcastic remarks about himself. Referring
to the charge that the Ministers had
gone about preaching that the country was
prosperous, he said that they were always
able to support their statements by extracts
from the public records, while the hon. gen-
tleman did not consult the published records
at all, but contented himself with saying it
was all trash when the increase of trade,
the development of railways, etc., were

DOMINION GOVERNMENT.

FIRST DIVISION ON MR. LAURIER'S AMENDMENT.

The Government Majority Is Fifty—Some Fun Over the Bend Basket Industry of the Caughnawaga Women—The Exodus a Leading Issue.

OTTAWA, Jan. 31.—The newly-elected member for Kent, N.B., moved the adoption of the address in reply to the Speech from the Throne, and for the next half-hour he took up the speech, paragraph by paragraph, in excellent style, dealing with the different subjects in a manner which showed that he had made a careful study of them.

Mr. McInerney is a pleasing and agreeable speaker, who makes his points well and who gives promise of proving a decided acquisition to the debating power of the House. In his opening remarks he referred to the fact that on six occasions he had endeavored to represent his constituency, but only succeeded on the seventh trial, and regretted that he had not got into the House earlier so that he might have had the pleasure of meeting that great leader, Sir John Macdonald, to whose memory he paid a touching tribute.

He also referred to the absence of Hon. Mr. Blake and expressed the hope that in his new sphere of usefulness he might assist in solving the great problem of Home Rule. He expressed the highest confidence in Sir John Thompson, the present leader of the Conservative party, and said that the leader's great ability and good qualities needed no words of commendation from him.

Neatly and briefly he referred to the progress of the country, as shown by the trade returns and statement of revenue and expenditure, and was greeted with hearty applause when he said he was informed that the exports of dairy produce from Canada with its 5,000,000 of population were a million and a quarter more than the exports of dairy produce from the United States with their 65,000,000 of population. After touching lightly on each subject in the debate, he wound up an excellent half-hour speech with a brilliant peroration on the inculcation of a national spirit in Canada.

Mr. Leclaire, Hon. Mr. Chapleau's successor in Terrebonne, seconded the resolution in French, and when he had straightened himself up and towered above his fellow members to the extent of six feet four inches he was greeted with considerable applause. He speaks well, has a good voice and kept the House interested for 15 minutes.

He paid a high tribute to his predecessor, Mr. Chapleau, and thoroughly and heartily endorsed the policy of the Government as outlined in the speech.

Hon. Mr. Laurier, who was not looking thoroughly recovered from his recent indisposition, was greeted with applause as he rose to continue the debate. He appeared a little weak at first, but warmed up as he went on and managed to crowd a very good speech into ten minutes' time. He commenced by referring to the change of administration since last session and in doing so paid a high compliment to Sir John Abbott, of whom he spoke in the highest terms as one of the ablest men in public life, and expressing regret that ill-health should have caused his retirement. He congratulated Sir John Thompson on his succession to the Premiership, referred to his rapid advance since his entering Parliament, and pleasantly welcomed his promotion. He then proceeded to twist Sir John on his speech at the Young Conservative meeting in Toronto, and charged him with indulging in flights of imagination in claiming that the National Policy had anything to do with the acquisition and development of the Northwest Territories. With regard to the statement that the present Government was a strong one, he indulged in a little good-natured chaff about the increase in the number of ministers, and caused a laugh by saying that there were 15 ministerial advisers of the crown and three advisers of the advisers.

He thought that there was no necessity for bringing into force the acts relating to the Department of Trade and Commerce and the Solicitor-General, and believed that the real reason of these acts which had lain on the statute book for six years being

with regard to the census he said it was unfair to compare the results of the census of 1891 with that of ten years before, because they were not taken under the same conditions.

With reference to his Toronto speech he said that what he meant was that the whole policy of the Liberal-Conservative party had been national in the sense that it was intended to build up the country. He twitted the leader of the Opposition on abandoning his old friend, unrestricted reciprocity, and said the only allusion to it was found in the reference to the baskets of the Indian women of Caughnawaga being sold all over the continent.

With regard to the exodus, he claimed that the National Policy had found work for thousands who would otherwise have been forced to go out of the country. The leader of the Opposition had taken what figures he pleased from the census when he was talking about the exodus, but when the development of trade was referred to he proposed to ignore the census figures.

Dealing with the question of wrecking, he said the Canadian Government was quite willing to allow American vessels all the facilities with regard to wrecking which were enjoyed by Canadian vessels, but no vessels could be allowed to block the canals for the purpose of undergoing repairs.

As to the rebate on canal tolls, they had existed for years and there had been no remonstrance until last year, when it was made in the middle of the season after all shipping engagements had been made, and it was possible to abolish the rebate then. When the correspondence was brought down it would not be found that the action of Canada had been harsh and unkind towards the United States.

The canal question was not a new one. The Opposition had to complain that the Americans got the use of the Canadian canals, while Canadians were refused the use of the American canals; but now the Opposition seems anxious that the Americans should do as they pleased with their canals.

With regard to the so-called omissions from the speech, he could not believe that the honorable gentleman came through Montreal and saw the prohibition commissions at work there and still expected to find some allusion to its report in the speech.

As to the Caron Commission the report was made and would be laid on the table.

As to the Manitoba school question he declined to follow the leader of the Opposition with respect to it, but would reserve any decision until after the papers were brought down. There was no discourtesy whatever shown to the House by the publication of the report of the sub-committee before it was presented to the House.

As to the omission of any mention of tariff changes in the speech, Sir John pointed out that with the exception of 1879, when the National Policy was introduced, it was not usual to make any reference in the speech to the tariff changes which would not be made for months afterwards.

Sir Richard Cartwright followed, speaking up to recess.

After recess Sir Richard continued for an hour, dealing mostly with the exodus, as shown by the census returns, and deploring generally the unprosperous condition of the country, which he charged wholly to the National Policy.

The Hon. Mr. Foster said the hon. gentleman had not gone beyond blaming the Government for the exodus, but he had not pointed out a single cause for the effect.

After some remarks by Mr. Mills the members were called in and the House divided on Mr. Laurier's amendment, which was lost. Yeas 53; nays 103.

The usual formal motions were then made and carried with regard to presenting the address to His Excellency.

Hon. Mr. Foster presented the estimates for 1893-'94. The total amount to be voted is \$23,701,345. As the total amount required, including amounts fixed by statute, is \$42,919,614 there is a decrease of \$57,225 from last year. But it must be remembered this does not include supplementary estimates yet to be brought down. House adjourned at 11.25.

GOSPORT, IND., August 11th, 1890.

My neighbors and stockmen often asked me in regard to Rock Salt. I answer them that I have used the New York Rock Lump Salt for the past three years for my cattle, horses, sheep and hogs, and I can say that I have no use for barrel salt for my stock. Experience will satisfy any stockman that the Lump Salt is far better for all kinds of stock. Men in my neighborhood who began using by buying 100 lbs. are now buying in lots of 500, 1,000 and 2,000 lbs. I consider it just as cheap at \$1.00 per hundred, as barrel salt at \$1.00 per barrel. Stock will not scour as they do when using the common salt, and I am of the opinion that it is only a question of time when it will be in common use.

Very respectfully yours,
JOHN WELCH.

LONDON, Jan. 31.—The sculling race between George H. Hosmer of Boston, Mass., and G. Bubeau of London took place yesterday over the Thames course and was won by the Englishman by five boat lengths. The race was for the championship of England, The Sportsman's Challenge Cup and \$1000 a side. The course was from Putney to Mortlake, being 4 miles 440 yards straight away. The Englishman had the course studied carefully from decades of practice and steered a perfect course. The windings in the river somewhat handicapped the American, who, however, rowed a plucky race all through. Only a fair crowd witnessed the event.

Cleveland Said to Look Favorably Upon Hawaiian Annexation.

SAN FRANCISCO, Jan. 31.—The Examiner prints the following interview: "I received yesterday," said Commissioner Castle, "a despatch that satisfies us that President-elect Cleveland looks favorably upon our proposal. Naturally that has given great encouragement to us."

"If you are unable to come to an understanding with the Government at Washington, will you go to England with your proposal?"

"Our Commissioner gives us no authority to go beyond the United States," replied Mr. Castle, "if we cannot arrange terms with the United States Government we will return home. Then if the island has to turn to England a commission will be sent, but we hope that will never be necessary."

A Serious Affair.

NEW YORK, Jan. 31.—A San Francisco special to The Herald says: Hawaii's revolution may prove a more serious affair to the United States than was expected. Liliuokalani insists that she yielded not to the revolutionists in Honolulu but to the superior force of the United States, and she charges in a proclamation issued after her abdication that the American Minister, John L. Stevens, "caused United States troops to be landed at Honolulu, and declared he would support the said Government."

ENGLAND'S PRESS.

Comments On the Proposed Annexation of Hawaii.

LONDON, Jan. 31.—The Daily News says: "The overthrow of the Hawaiian Queen appears to be an American coup. Hawaii being the key to the whole group, the Americans, once they possess it, would not find any difficulty in making themselves masters of the others. Europe, however, has necessities in the same quarter, Honolulu being the only coaling station on the mail route between San Francisco and Auckland."

The Daily Telegraph says the affair wears the aspect of a successful attempt by American citizens to subvert the existing order of things in favor, first, of themselves and next, of what is impossible, annexation. We could not allow the United States to annex the islands, even if the established policy at Washington permitted the idea to be entertained. This policy, however, will not permit it. Obviously the native government ought to be restored, for the revolution is the work of discontented, selfish foreigners, chiefly Yankees.

The Chronicle says: Europe has not any great concern with Hawaii, nevertheless the Queen has rights which seem to have received scant respect from the leaders of the movement. Events had not given to a section of the foreign population the right to oust the lawful sovereign. Anxiety for the welfare of the natives seems to have been less of a motive with the American party than a desire to further their own interests.

The Standard says: It is not likely that the good sense of the American people will permit them to assume this responsibility, which would be found onerous and unprofitable, or to claim an extension of influence which would be opposed and resented by other powers having equal interests at stake. It is thought the United States could not allow any other power to annex the island, but none has such an ambition. Justice requires that the constitution be restored with such reforms as are necessary.

The Times says: It is difficult to see how compliance with Mr. Dole's request can be reconciled with existing American engagements and institutions. It seems plain, however, that the state of things that has existed lately cannot continue any longer. Something must be done. The question is: What, and by whom? The Samoan precedent is not altogether encouraging, nevertheless it seems possible that some such scheme may be executed ultimately.

English three-volume novel than sober everyday life.

Richard French, the only son of the late Mr. French, was the black sheep of his family and left Toronto many years ago, settling in Brooklyn in 1865.

In time he married a Brooklyn woman, and after many vicissitudes he died in the almshouse in Flatbush in 1886, leaving a widow and six children in destitute circumstances.

Since then the family has rubbed along as best it could. The eldest child is a girl now of age, and two boys are also old enough to earn their livelihood.

After the death of James French in May last the news that the family had fallen heir to a large fortune came like a godsend. The widow is now living at 566 Vanderbilt-avenue, Brooklyn.

The French estate amounts to nearly \$500,000, to be divided among the widow of James French, the family of his son Richard French and the family of the late Mrs. Bates of New York, and of Mrs. McClellan, his two daughters. According to the terms of his will it was not quite clear as to what portion the widow and children of Richard French should receive, but after several references \$115,000 was allotted.

All the heirs are now satisfied "excepting the eldest daughter of Richard French, but it is hardly probable that she will make any trouble."

The Cholera Scare.

LONDON, Jan. 31.—The cholera scare is now arousing genuine alarm throughout Europe. It is past midwinter, and the dread disease seems to have entrenched itself beyond the possibility of dislodgement.

It is now almost universally admitted by competent authorities that the danger for the coming summer is far greater than it was last year. Preparations are being made to fight the monster, but there is reason to fear that the measures adopted are altogether inadequate.

Doc, the Trotting Dog, is Still Alive.

BRIGHTON, Jan. 31.—There is no truth whatever in the report that the famous trotting dog, Doc, was killed by a railway accident in New Jersey last week as has been published in many papers during the past few days. Doc has not been away from home since last November and is here now safe and well.

The Strike Over.

DUNKIRK, N. Y., Jan. 31.—At noon Monday it was generally acknowledged that the strike had been broken and that all trouble was ended.

Mr. Blaine's Will.

NEW YORK, Jan. 31.—A special from Washington says: Mr. Blaine left a will bestowing all his property upon Mrs. Blaine and making her sole executrix without bonds. The total value of the estate is estimated at \$800,000.

Thirty Wagon Loads of Gold.

ST. PETERSBURG, Jan. 31.—Thirteen wagons of gold are on the way from Siberia across the Ural Mountains to this city. The wagons are accompanied by an imposing military escort.

A Big Hunt.

PARIS, Jan. 31.—The losses of the Marquis de Panisse-Passis, whose rooms were plundered on Friday by men pretending to be police officials, amount to more than 300,000 francs.

Another Victim.

ANNAPOLIS, Md., Jan. 31.—Mrs. Fannie E. Wolfer died yesterday. She was one of those poisoned at Homestead. Her husband, steward of the Homestead Hotel, was also poisoned.

Sent Down For Ten Years.

ST. CATHARINES, Ont., Jan. 31.—Judge Senkler yesterday sentenced John Sumo to 10 years in Kingston Penitentiary for putting a tie on the rails of the Grand Trunk at Jordan on March 27 last. The prisoner, who is about 19 years of age, broke down completely on receiving his sentence.

Another Cold Wave.

ST. PAUL, Minn., Jan. 31.—Another rigid wave, the coldest of the winter, is sweeping down from the far northwest. At 9.30 o'clock last night the register at Edmonton, N.W.T., was 44 degrees below zero. At the same hour it was from 30 to 38 degrees below zero at all points in Manitoba. The register at Cookstown, Fergus Falls and Moosehead was 30 below zero.

FRANCE'S TROUBLES.

She Is Fuming Over Egyptian, Austrian and Home Affairs.

PARIS, Jan. 31.—This has been a very exciting week, says Jacques St. Cere in The New York Herald. M. Develle, Minister of Foreign Affairs, has been passing through panics of which the public has had no idea. Besides the Panama Canal scandal the Ministers have been busy with foreign

What is

TORONTO, Jan. 31st.—A death under somewhat suspicious circumstances occurred last night at 171 Front-street east, a boarding house occupied by Mrs. Mitchell. Thomas Arch, aged 55, a pattern maker in the Massey-Harris Works, was found dead in the closet in the rear of the building at 11 p.m. According to the statement of a fellow-boarder Arch, who is an Englishman and single, has boarded for the last three years with Mrs. Mitchell, and has always been an apparently healthy man, making no complaints of sickness other than what followed the debauches he was wont to indulge in periodically.

Last night he came home in his usual health and bearing no evidence of intoxication. Shortly afterwards he went out to the closet, where he was found by Michael Mitchell, the husband of the landlady. He was vomiting heavily, and in response to Mitchell's enquiries said: "I am a little sick. Go away and don't bother me."

Fifteen minutes later Mitchell came back and found Arch huddled up in a sitting position and apparently dead. Dr. Gregg was called in and pronounced life extinct. The vomiting was deemed an indication of poisoning, and Coroner Atkins was notified. An inquest will be held to-day, when the post-mortem will reveal the cause of death. No suspicion of foul play attaches to the inmates of the house, and the poison, if any, was probably self-administered. The body was removed to the Morgue in the patrol wagon.

THE MILLER CASE.

He Married Miss Lucille Davis White Both Were Under Arrest at the Bridge.

TORONTO, Jan. 31st.—It now turns out that the arrest of Jacob Miller and Miss Lucille Davis at Suspension Bridge on Thursday night precipitated the marriage of the couple. When the girl learned that they would not be released she appealed to Miller to marry her.

Chief of Police Miller and O. E. Dunlap took the couple to Judge Sam Esselman, who married them. They passed the first night of their honeymoon in a hotel, under the surveillance of an officer. The couple are held at Lockport. Mr. Henry Davis, brother of the girl, refuses to speak of the matter.

Yesterday morning the case of Miller and an accomplice, Lace Stein, was called in the Police Court. They were charged with the larceny of a beaver overcoat from K. F. McNabb, but on receipt of a telegram from Miller at Lockport Mr. McNabb requested that the case be laid over for a week.

Action in the Senate.

WASHINGTON, Jan. 31.—In the Senate a resolution was offered by Mr. Chandler of New Hampshire requesting the President to enter into negotiations with the provisional government of Hawaii for the admission of the islands as a territory, and to lay the convention before Congress for ratification by legislation.

Objection was made by Mr. White, Democratic member of Louisiana, to its immediate consideration, and it went over till to-day.

FROM ENGLAND.

The British Lion Sends a Warning Growl to Uncle Sam.

WASHINGTON, Jan. 31.—The British Government has instructed Sir Julean Pauncefoot, its minister here, to protest against the action of the U.S. officials and forces in Hawaii.

Peace For Children.

LONDON, Jan. 31.—A remarkable row is being made over the harmless attempt by the London School Board to develop and encourage patriotic feeling in children's breasts by ornamenting every elementary school with the national flag and by talking to the youngsters occasionally about the great deeds of their fighting ancestors.

The International Peace and Arbitration Society first took alarm and protested vehemently against the proposal as an insidious attempt to gloss over the horrors of war and discredit peaceful methods of settling disputes. They actually organized public meetings of protest and, stranger still, obtained large audiences and induced them to pass resolutions denouncing the wicked school board.

The Wound Proved Fatal.

ST. CATHARINES, Ont., Jan. 31.—John Walker, who was accidentally shot by James Stevens, at a social at the residence of John Long, at Drow Falls, on Thursday evening last, died at 6 o'clock last night. An inquest was held this afternoon and a verdict of accidental shooting found.

heavily on us—the first was the affair with England, the second the affair with Austria.

England, as you know, has taken a position in Egypt directly contrary to treaties made with Europe, and in which France is a co-signatory. It is quite evident that in the discussion with Prince Abbas, the Khedive, the question is not as to mere Ministerial changes, but as to whose hand shall finally grasp Egypt. It is no longer a question of a protectorate, but of annexation pure and simple. Besides, we want to know whether France can tolerate such an illegal proceeding.

England speaks of the "interests of civilization." The question is are the "interests of civilization" really in the game? It is clear that the English occupation of Egypt is absolutely contrary to the desires and wishes of the Egyptian population, as has been proved by the demonstration at Cairo. Are not all the treaties regulating the Egyptian question and making her forever the vassal of Turkey in force? England cannot by herself tear up all these treaties.

There is now an interchange of notes between the two countries, and they have taken on a sharp character. France, who has right on her side, is now beginning to understand that she made an error in not entering Egypt in 1881. England, who is strong in the right of possession, will not even think of evacuation. Because Lord Rosebery, the British Minister for Foreign Affairs, has strong German sympathies it is possible that the hand of Germany may be seen in this aggressive political move of England.

The same reflection may be made as regards the quarrels sought by Austria this week. Count Hoyos, the Austrian Ambassador here, has reproached France with the articles appearing in the Paris newspapers, alleging that they were injurious to Austria. Count Hoyos, who has now been eight years in France, knows that the Government can do nothing in this matter. There are no press coercion laws in France.

It was thought at first that the complaints were not serious, but Count Hoyos has returned twice to the charge, demanding the second time that apologies be made, when he knew the prudent character of Austrian diplomacy.

No one can believe that such a move was inspired by Austria. There must be other influences at work, and it is thought that they are German. This is the belief in France, where public opinion is always inclined to decide an accusation against the neighboring empire. But what we must emphasize, and which we beg the citizens of the great American Republic to believe, is that no provocation has come from France, which is desirous of peace.

From the very beginning of that sad Panama affair France has been showered with insults from the press of every land which does not discriminate between the guilty few and the great mass of honest Frenchmen. Is it necessary to protest against such injustice?

France wants peace. France is in a bad condition internally, and yet from all sides comes a bitter attack upon her.

Rescued from Starvation.

CAMBRIDGE, Md., Jan. 31.—After a seven hours' battle with floating ice the steamer Gudgeon finally reached Chincoteague Island yesterday afternoon with a supply of food for the 3000 islanders who have been cut off from all communication with the mainland for two weeks. The steamer was badly damaged by the ice. Had communication with the island been cut off for a day or two longer the consequences would have been disastrous. As it was, many persons had suffered for the want of food, fuel, and milk cows had been killed to meet the pressing necessity. Some persons had not eaten a mouthful for two days and a number of others had existed for several days on bread alone.

RUSSIAN RECRUITS.

They Are Forced to Jump from a Running Train on Fire.

ST. PETERSBURG, Jan. 18.—Flames burst from the front car of a train loaded with recruits. The train was going at full speed and the tongues of fire swept backward and in a few minutes all the cars were blazing. The engineer did not stop the train until he had run a considerable distance.

In the meantime there was a scene of indescribable confusion in the cars. The recruits, or at least as many of them as could do so, leaped from the windows and doors. Some of them landed uninjured in the snowbanks, while others who landed in the cleared track were killed.

Nine were killed and 20 terribly injured.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osmond,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

His Whereabouts Unknown.

The wife and family of John Vandewater, South Napanee, are now mourning his loss. Some four months ago Vandewater, while under the influence of liquor, asked his wife for his winter clothes, saying that he was going. Since that time his whereabouts have been unknown. Mrs. Vandewater recently received a letter stating that he was on the ocean, sailing, but the writer of the letter is unknown. Several ugly rumors are in circulation. One is that he was found in a barn, where he had been threshing previous to his departure, under the hay, half eaten by rats.

They are light and natural in appearance, and their detection is impossible. Gentlemen, there are thousands of the leading men of Canada who are wearing Dorenwynd's full and half wigs. Why don't you use them rather than go around with your head bare when nature intended it to be covered. Call on the Prof. and be convinced that not only will your appearance be improved by using these goods but greater comfort will be secured.

No Change Desired.

Jas. Reid, M.P.P., desires the name of Lennox and Addington changed so as to be simpler. He says many people think that Lennox is a separate county from Addington, and vice-versa, for municipal purposes. His proposal for a change did not, however, meet with much acceptance at the hands of the county council. He proposed to simply drop out Lennox and call the united counties Addington. He did not even take the suggestion of the Express that "nox" and "add" should be left out, and the name be "Lenington." Mr. Reid advocated his idea of a change being desirable, both before the council in the council chamber, and at the Warden's supper. He was rewarded for his efforts with a slightly ironical laugh and a few "titters" of dissent.

Church of St. Mary Magdalene.

The annual missionary meeting will be held on Tuesday, February 7th at 7.30 o'clock, when the Rev. Archdeacon Bedford-Jones, formerly Rector of this parish, will act as convener of the deputation. As this will be the first appearance of the Archdeacon in the church since his connection with the parish ceased, most of his old parishioners will be glad of an opportunity to renew old association, and bid him welcome amongst us once more. There will also be an address from the Rev. Wm. H. Barnes, Deacon, of Tweed, formerly a prominent minister among the Reformed Episcopalians in Belleville, but who has recently come into the church. The missionary service will be full choral and a most interesting meeting may be anticipated. Many of the local clergy will also be present, and addresses from prominent laymen of the church will be delivered. A collection will be taken in aid of the Diocesan Mission Fund.

The Warden's Supper.

This pleasant annual affair took place this year in Dicken's restaurant, where a bountiful repast was served to the members of the county council and a number of invited guests. Mr. G. F. Rutan occupied the chair, and Mr. Preston the vice-chair. The various toasts were ably responded to, that of the Warden being drunk with musical honors. "Our Lawmakers" was responded to by U. Wilson, M.P., James Reid, M.P.P., and A. L. Morden, Q.C. "Our Host" was proposed in a neat, eloquent speech by Mr. Preston, and Mr. Baker responded thanking his friends and the council for the good feelings expressed toward him. "Our County and Town" was responded to by Dr. Leonard, mayor, Irvine Parks, treasurer, J. Burrows, school inspector, S. Gibson, registrar, Jas. Hayden, W. F. Hall, high school trustee, B. C. Lloyd, T. G. Carscallen, and the present members of the county council. "The Learned Professors" was responded to by H. I. Beeman. "The Ladies and the Babies—the hope of their country," was responded to by W. G. Wilson and Mr. Chalmers. "The Press" was responded to by W. Templeton and J. Pollard. Compliments were literally showered upon the Warden by the various speakers. A very pleasant evening was had by all present.

Surprise and Presentation.

On Friday evening last the 27th inst., a party of about thirty from Morven took Mr. and Mrs. W. R. Gordanier by surprise, and after reading an address presented Mrs. Gordanier with a beautiful parlor hanging lamp. After the bountiful supper provided by the friends was partaken of a very pleasant evening was spent with music, recitations, readings, games, etc.

THE ADDRESS.

Mr. and Mrs. Gordanier:

Dear friends—We, a few of your many friends, gladly seize this opportunity of expressing our very high esteem of you and your dear family. Since your departure from our immediate community we have very often thought of you and all your kindness manifested to us in so many relationships during those years in which we together experienced life's weals and woes. Especially do we remember the neighborly kindness and generosity of Mr. Gordanier, and with all the untiring energy and zeal of Mrs. Gordanier in church relationships, in her capacity as organist, and in all that is good and kind pertaining to the community. We therefore beg leave to present you with a small token of recognition and love, and would ask Mrs. Gordanier to accept this present, and with it our heartfelt love and kind wishes.

Mr. Gordanier made a suitable reply, thanking the friends for their beautiful present.

Noted for Great Excellence.

The great excellence of Diamond Dye
Cotton colors is everywhere acknowledged.
Those who make up cotton carpets, rugs
and mats are loud in their praises of the
brilliant and lovely colors always obtained.
These cotton colors are also noted for their
fast and unfading qualities, and are proof
to sun and soap. The cotton colors of the
inferior and crude dyes sold in some places
cannot be relied on, and ladies are warned
to be careful when buying cotton colors.
None are warranted but the Diamond.

Accidents.

One day last week Mr. Dick Richardson
an employee of the Gibbard Furniture
Company, met with the misfortune to cut
the tips off of two of his fingers while saw-
ing some lumber on one of the large cir-
cular saws. A chip off the board he was
sawing got between the saw and the feed
board, and he attempted to pull it away
with his hand. Mr. Cole McCay, also an
employee of the Gibbard Furniture Com-
pany, is laid up by a sprained wrist. While
working in the dry kiln some lumber fell
on him, causing the injury.

Gospel Temperance Meeting.

On Sunday afternoon at 3 o'clock in the
town hall, Napanee, several brief addresses
upon the subject of temperance and the
liquor traffic will be given by Rev. S. J.
Shorey, Rev. D. McEachern, Rev. J. J.
Rae, and others. The chair will be
occupied by Mayor Leonard and some
excellent singing will intersperse the
addresses. The object is simply to arouse
the temperance sentiment, which ap-
parently is rapidly growing cold in our
town. All are cordially invited to attend.

COUNTY COUNCIL.

COUNCIL CHAMBER }
Napanee, Jan. 27th }
FRIDAY MORNING.

After reading of minutes, the communi-
cation from the town council of Napanee
re the swing bridge was again read.

Moved by Symington and Carson that an
additional \$300 be granted towards defray-
ing the expense of rebuilding the bridge.—
Lost.

Mr. Carson asked for the yeas and nays.
Yeas—Bryden, Carson, Lane, Syming-
ton, Thomson.

Nays—Baker, Babcock, Carson, Carscallen,
Chalmers, Derbyshire, Ham, Lucas, Mc-
Kee, Miller, Oliver, Paul, Riley, Shields,
Shier, Sills, VanSlyck.

On motion the by-law abandoning county
roads was read a third time and finally
passed.

There was a motion for the six months
hoist made by Oliver and Lucas, which
was lost.

Mr. Paul asked for the yeas and nays on
the original motion.

Yeas—Baker, Babcock, Carson, Carscallen,
Chalmers, Derbyshire, McKee, Miller,
Riley, Sills, Symington, VanSlyck.

Nays—Bryden, Ham, Lane, Lucas,
Oliver, Paul, Shields, Shier, Thomson.

On motion the messenger, John Cheetham,
was ordered paid at the rate of \$1 50
per day.

Moved by Bryden and Lane that this
council make the usual grants of \$300 each
to Kaladar and Denbigh.

On motion Mr. Symington was ordered
a day's pay for overseeing planking of
covered bridge last year.

Mr. Oliver for the township of Richmond
put in a disclaimer as to the responsibility
of the township for roads purchased from
the Richmond road company.

Moved by Derbyshire and Carson that
the Warden be instructed to defend any
suit that may arise in consequence of the
abandonment of county roads, and that he
be empowered to obtain any legal advice
necessary.—Carried.

Mr. Carson submitted first report on
County Property, recommending payment
of accounts submitted. Also that Mr.
Exley be granted the contract for the
supply of meat for the gaol, and Thomas
Jamieson for the supply of bread and
potatoes. Further, that all supplies must
be obtained through the chairman of County
Property. Adopted.

The committee on treasurer's securities
reported examining same, and finding them
good for the sum of \$20,000. Adopted.

Mr. Sills inquired as to ferries and learned
that all ferries are vested in the crown,
unless special legislation has given powers
to municipalities.

The Warden called the attention of the
council to a discrepancy in the school
grants, asking that the Finance committee
look into the matter so as to straighten
matters up.

Council adjourned.

SATURDAY MORNING.

A communication was read from the
treasurer as to amounts due by different
municipalities.

Runaway.

On Wednesday afternoon while Mr. Wm.
Miller and wife were driving up Dundas
street past the Tichborne house, the horses
became frightened at the engine used by
the Gas Works Company for thawing the
frost out of the ground and, shying sudden-
ly off broke the neck yoke and made a dash
up John's street turning off at the market.
Here Mr. Miller succeeded in getting the
animals under control. No damage was
done. Mrs. Miller was so scared that she
got out and walked home.

Sneak Thieves.

For some time past sneak thieves have been operating in hotel yards, and from time to time rugs, provisions, etc., have been reported from the numerous sleighs left standing there. Last week a robe was stolen from the rig of Mr. S. F. Scott and another from Homer Miles. Both sleighs had been left in the Brisco house yard. Search warrants were immediately got out and Messrs. Scott and Miles proceeded to search the premises of the suspected parties. Mr. Scott found his in the barn of Geo. Chamberlain, who was arrested and brought before his serene highness, Justice Daly, who sentenced him to three months in jail. Two other robes were found in the unoccupied barn near John McAfee's house. The one proved to be the one stolen from Mr. Miles and the other belonged to Mr. Unger, whose robe had been stolen some time previous McAfee was arrested and brought up for trial, but was let off on the plea that the barns did not belong to him and that he did not use them. Mr. John Herring testified that the man had been in his employ a number of years, had always been found to be honest, and offered to go his bail. Mr. Wilder Joy also reports the loss of a rug stolen from his barn.

Sunday School Association.

Arrangements are now complete for the annual meetings of Sunday School workers of the county, at Tamworth, on Thursday evening, Feb'y 23rd, and three sessions on Friday, 24th. The speakers on the first evening are Rev. Wm. Jolliffe, of Tamworth Rev. D. McEachren, of Napanee, Rev. Dr. Griffith, of Kingston, and the President of the association. On Friday morning, in addition to business matters and a valuable summary of Sunday School reports, by A. L. Morden, Q. C., Mrs. Sidney Warner will introduce the question of "Lesson Helps" and Rev. J. J. Rae, of Napanee, will conduct an Institute, the subject being "Teacher's Training." The afternoon will be devoted mainly to a report of the Provincial Convention at Guelph, by Mrs. S. Gibson, and an Institute conducted by Rev. J. J. Rae, the subject being "Normal Methods applied to the Lessons of the Quarter." In the evening Mr. P. F. Carscallen will address the convention from the practical worker's standpoint. Rev. S. J. Shorey will discuss the value of Conventions under the title "Use and abuse of Ideas;" and Rev. J. C. Seymour, of Bath, will present the subject of "The Sunday School and Missions." The Association Drawer will conclude the exercises.

A Musical Treat.

On Thursday evening of last week, a very great musical treat was enjoyed by all lovers of the art in the Opera House here, the occasion being the appearance of the Ladies' Schubert Quartette, from cultured Boston. The programme gave but ten numbers, but the hearty applause and numerous encores swelled the programme to twice ten. Where all the numbers were ably and artistically rendered, it is difficult to pick out any one or two pieces as being exceptionally good; but from their simplicity "The Tree in the Wood" and "The Old Folks at Home," were most cordially applauded, everyone being able to appreciate both the music and the words. The ladies sang all the quartettes without accompaniment of any kind, and the "time," harmony and modulation were something to remember. One hardly knows which voice to give the palm to, but probably the deep, full, 2nd alto of Miss Anna, L. Whitcomb, was the greatest novelty. Miss Ida Florence, a reciter of great ability, accompanies the quartette in their tour, and gives most excellent satisfaction with her readings, whether pathetic or laughable. The Quartette and Miss Florence gave unbounded satisfaction in "The Angel and the Shepherd," Miss Florence reciting the narrative of the shepherds watching their flocks and the angel of the Lord appearing to them, while the Quartette sang the message. Although great expense was incurred to bring these artists to Napanee, it is a pleasure to record that the entertainment was a financial

Carried.

Moved by Carson and Bryden that \$100 additional be granted to the Town of Napanee towards rebuilding the swing bridge.—Lost.

Moved by Thomson and Bryden that the village of Newburgh be granted \$100 to expend on roads.

Moved by Carson and Sills, in amendment, that the matter be referred to the Road and Bridge committee to report.—Carried.

Moved by Carson and Babcock that Councillors Lane and Bryden be a delegation to wait on the Commissioner of Crown Lands to obtain grants for roads and bridges in the rear of the county.—Carried.

Mr. Oliver presented first report of Finance committee, which was adopted, recommending payment of accounts submitted to them.

Moved by Ham and VanSlyck that \$400 be granted to aid in constructing a telephone line from Adolphustown via Bath and Hamburg to Napanee, the same to be paid when the line is completed. Council adjourned.

FRIDAY AFTERNOON.

Moved by Ham and VanSlyck that a grant of \$400 be made to the municipalities of St. Fredericksburgh, Bath and Amherst Island, to aid in the construction of a telephone line from Adolphustown via Bath and Hamburg to Napanee.

Moved by Symington and Derbyshire that the question lay over until the June session.

Mr. Chalmers addressed the council pointing out the disability of Adolphustown with neither telegraph nor railway within many miles.

Messrs. Ham and VanSlyck and McKee also supported the giving of the grant, giving their reasons why the county should give some aid. Their municipalities had helped to pay other and larger grants, and in justice this assistance ought to be given.

Mr. Derbyshire opposed the grant saying it was illegal, and if the people of these municipalities want a telephone line, they were rich old settled communities, well able to pay for it.

Mr. McKee said Mr. Derbyshire was in error as to the legality of the grant. The county, he held, could vote assistance to local municipalities.

Mr. Sills was of the opinion that the telephone swindle would soon rival the county road swindle. If this road were made, every place in the county would want a telephone line.

Mr. Davis, of Adolphustown, addressed the council in support of the grant, and described the isolated position of the township.

By vote the matter was laid over until the June session.

The first report of the Road and Bridge committee was presented.

Moved by Symington and Oliver that we go into committee of the whole on the report, J. C. Carscallen in the chair.

The resolution from the county of Elgin as to railways being compelled to make provision for culverts for water courses was concurred in.

The resolution from Grey county as to bridges over 100 feet in length, asking an alteration of the law, so as to relieve county councils from being compelled to contribute to same, was debated.

The resolution and proposed alteration of the law read,

Mr. James Reid, M.P.P., addressed the council on the question, and was of opinion that the act should have a further trial. It was new yet. There were a number of small municipalities with long bridges and it would be a hardship for them to have to build and maintain same, without assistance from the county.

A motion made by Symington to strike out the second clause was carried.

A clause paying \$2 50 to Leonard Wager instead of \$4 50, striking off the mileage.—Carried.

The next clause referring to roads in the back townships, recommending no grants be made, was then discussed.

Mr. Lane spoke earnestly for the back townships, urging that even though a smaller sum be granted, still some aid should be extended.

The council were of opinion that as the two reeves of the back townships were to interview the government for grants, it would be wise to wait until the June session to learn as to their success.

The clause was adopted.

The next clause was as to no grant to Newburgh, Mr. Thomson urging that the council should at least make them a grant of \$100. The clause was adopted after considerable discussion.

On motion the report as amended was adopted.

The postage account of the treasurer, \$3.00 was ordered paid.

Messrs. Lane and Symington moved that an account of printing for registrar, \$36.80, be paid.

Mr. Carson objected to this account, saying the account if correct would be paid by the Board of Audit, and this council could not deal with the matter.

Mr. Symington said the order for these blanks seemed a little mixed, and the registrar certainly afforded this council all the assistance he could. He thought the account might be paid.

Mr. Lane spoke in support of his motion. He said the blanks would last four or five years. He thought the work done was for the good of the county.

Mr. Gibson was heard as to the account. It was stationary for the general use of the office. If he had charged the various municipalities for searches the sum would more than cover this account. These supplies had been paid for by the county hitherto.

The clerk said in giving the order for these blanks he did so in good faith, and was merely following in the footsteps of former clerks.

On motion of Carson and Sills the account was referred to the Board of Audit.

Mr. Oliver presented the report of the Finance committee.—Adopted.

Moved by Derbyshire and Chalmers that the county clerk notify the municipal clerks as to the abandonment of county roads.

Moved by Carson and Miller that \$20 be presented Mrs. Clark for her services in saving county property at the late fire.—Carried.

Moved by Sills and Lane that an amendment be made to the Ontario Game Act, making it imperative that all cases shall be tried by the Magistrates nearest the scene of the alleged offence, and that the government be petitioned to that effect, and that a copy of the resolution be sent to the M.P.P.'s.

Mr. Sills spoke to the motion, and as to the hardship put on people being taken 100 miles or more to be tried.

Mr. Lane said in cases under this act the witnesses and defendant were made to travel about 100 miles, when magistrates resided quite near.

He thought the law should be changed so as to save unnecessary expense and hardship.

The motion carried.

Moved by VanSlyck and McKee that the Warden be instructed to act in conjunction with the township of Richmond in submitting a test case to the High Court of Justice in order to procure a decision on the county road dispute, the county to pay the costs of application, and that until a decision be given the township of Richmond keep the road in repair, without prejudice.—Carried.

The yeas and nays were asked for by Mr. Derbyshire.

Yeas—Baker, Carson, Carscallen, Chalmers, Ham, Lane, Lucas, McKee, Oliver, Paul, Riley, Sills, Thomson, VanSlyck.

Nays—Babcock, Derbyshire, Shields, Shier, Symington.

The clerk was authorized to get the minutes of the last seven years bound, to be kept for reference.

Adjourned until the first Tuesday in June, at 2 o'clock p.m.

—Miss Mary McGoun is visiting her sister in Toronto.

—Mr. John H. Phillips is off on a two weeks' trip to Elgin.
